

Items we do not take at this time

There is a certain amount of labor that goes into the unloading, storage, marketing, loading and overall sale of every product that goes through our warehouse. We also have a limited number of items that can be put on every auction. Working within these limitations, we are trying to limit lower dollar items coming into the auction*. We may, at our discretion, combine lots in an attempt to raise the lot selling price. Know that a better lot average works in everyone's favor as sellers – Reduced lot cost = increased profit.

Hazardous Materials

Any container marked with hazardous waste symbols, whether empty, partial or full is not allowed at all.

Chemicals including but not limited to pesticides, lead, fuels, etc.....
